

e-CERISE online course

(online - Continuing Education for VeterINARY Services)

PRACTICAL INFORMATION

Date of the course: Please refer to the 2021 e-CERISE schedule for further details.

Deadline for registration: Check ENSV-FVI International Training Programme

Duration: Three non-consecutive one-day sessions per month for 10 months (workload of 230-250 hours) + a personal project requiring around ten days of mobilization.

Location: Online course and one-week face-to-face session in November at ENSV-FVI (Marcy l'Étoile, France)

Audience: Official Veterinarians from countries that have committed to the OIE PVS Pathway wishing to acquire additional skills and to progress in their functions and responsibilities.

Number of participants: 15 maximum

General organisation:

Vincent BRIOUDES, ENSV-FVI

vincent.brioudes@vetagro-sup.fr

Catherine MANGIN, ENSV-FVI

catherine.mangin@vetagro-sup.fr

Technical coordination:

Professors from France's four veterinary schools, the Ecole Inter-Etats des Sciences et Médecine Vétérinaire de Dakar (EISMV) and the Centre National de veille zoonitaire de Tunis (CNVZ). Experts on the PVS pathway and OIE standards.

Speakers: not applicable

Languages of tuition: English/French

Assessment method: Quiz, exercises, case studies

Delivered certificate: Certificate of attendance

Continuing education credits: not applicable

Fees: 8000€ (includes one-week session in France)

(Need-based scholarships are available – please contact us if you want to apply)

Accessibility: 100% online

Registration:

A registration form is available on the website of ENSV-FVI <http://www.ensv.fr/registration/>

Contacts:

CONTEXT

Good Governance & Quality of Veterinary Services

“Implementing OIE recommendations to improve performance in Veterinary Services: case studies, experience exchange, personalised tools, and practical measures”

Online capacity-building program for the training of Official Veterinarians, created by ENSV within the network of OIE Collaborating Centres, in association with the EISMV (Dakar, Senegal) and the Centre National de Veille Zoonitaire de Tunis (CNVZ).

PROGRAMME

Main objective:

At the end of the course, the participants will have the knowledge and skills necessary to actively participate in the design, implementation, evaluation, and coordination of veterinary public-health policies. They will understand how to implement OIE recommendations for their home countries.

The content of the course will be adapted, on a case-by-case basis, to the local situation for each participant's home country and to the strategy designed for that country as a result of the PVS Gap Analysis.

Relevance :

This online training course has been developed to complement two major strategic activities of the OIE:

- The OIE PVS Tool (Evaluation of Performance of Veterinary Services). The majority of the PVS critical competencies are addressed in the 10 training modules. This online training programme will further the objectives of the OIE PVS Pathway with regard to the strengthening of Veterinary Services.
- The training of OIE Focal Points. When possible, veterinary officials expecting to serve as OIE Focal Points should complete this online course before attending the face-to-face training seminars offered by OIE headquarters. Each of the course's 10 training modules will provide prerequisite skills and fundamental knowledge that will enhance subsequent participation in training sessions for OIE Focal Points.

Learning objectives:

Course Content:

Module Topics 2021:

- | | |
|--|---|
| - OIE Presentation | - Sanitary Standards for International Trade |
| - Quality of Veterinary Services | - Animal Welfare |
| - Epidemiological Surveillance | - Aquaculture and aquatic animal health |
| - Disease Prevention, Control and Eradication | - Food Safety (optional) |
| - Risk Analysis | - Human-animal-environment Interface (optional) |
| - Emergency Risk Management | - Face-to-Face session |
| - Veterinary Products and antimicrobial Resistance | |

Teaching methods:

An individual project whose theme is defined by the participant and his/her administration: this will be discussed during the face-to-face session and followed up by a tutor.

Prerequisites

An advanced degree in the veterinary sciences and 3 to 5 years of relevant professional work experience.

INTER SCHOOL DIPLOMA e-CERISE

GOOD GOVERNANCE AND QUALITY OF VETERINARY SERVICES

TARGET AUDIENCE

Official veterinarians :

- from countries that have committed to the OIE PVS Pathway
- wishing to acquire additional skills and to progress in their functions and responsibilities

An advanced degree in the veterinary sciences and 3 to 5 years of relevant professional work experience are required.

TRAINING OBJECTIVES

At the end of the course, the participants :

- will have the knowledge and skills necessary to actively participate in the design, implementation, evaluation, and coordination of veterinary public-health policies
- will understand how to implement OIE recommendations for their home countries

The content of the course will be adapted, on a case-by-case basis, to the local situation for each participant's home country and to the strategy designed for that country as a result of the PVS Gap Analysis (Evaluation of Performance of Veterinary Services).

PEDAGOGICAL METHODS

e-learning platform (PowerPoint with comments, interviews, videos, webinars...)

A personal project whose theme is defined by the participant and his/her administration: this will be discussed during the face-to-face session and followed up by a tutor.

CERTIFICATION REQUIREMENTS

Validation of training modules.

Validation of the personal project : written report and oral restitution.

SCIENTIFIC LEADERS OF THE PROGRAMME

This Diploma is under the scientific and pedagogical responsibility of an Orientation and Training Board composed by professors of the four French national veterinary universities, of the "Ecole Inter-Etats des Sciences et Médecine Vétérinaire" of Dakar, Senegal (EISMV) and of the "Centre National de Veille Zoosanitaire" of Tunis, Tunisia (CNVZ).

Experts on the OIE PVS pathway are also involved.

PROGRAMME

Face-to-face session

Module 0 : January 17 – 28, 2022

OIE presentation – (2h)

Module 1 : January 31 – February 18, 2022

Quality of Veterinary Services – (18h)

Module 2 : February 21 – March 11, 2022

Epidemiological surveillance – (18h)

Module 3 : March 14 – April 01, 2022

Disease prevention, control and eradication – (18h)

Module 4 : April 11 – 29, 2022

Risk analysis – (18h)

Module 5 : May 02 – 20, 2022

Emergency Risk Management – (18h)

Module 6 : May 23 – June 10, 2022

Veterinary products and antimicrobial resistance – (18h)

Module 7 : June 13 – July 01, 2022

Animal welfare – (18h)

Module 8 : September 05 – 23, 2022

Aquaculture and aquatic animal health – (18h)

Module 9 : September 26 – October 14, 2022

Sanitary standards for international trade – (18h)

Modules 10 : October 17 – November 04, 2022 optional

Food safety – (18h)

and/or

Human - animal - environment interface – (18h)

Face-to-face session at ENSV-FVI, Marcy l'Etoile, FRANCE :

November 21 – 25, 2022

Discussion, exchange, personal project validation – (4d)

DURATION

Three non-consecutive one-day sessions per month for 10 months (workload of 230-250 hours over the year).
A personal project requiring around ten days of mobilization.

LOCATION

Online courses + Face-to-face session in November, at ENSV-FVI, VETAGROSUP, MARCY L'ÉTOILE (LYON, France)

TUITION FEES

8000 € (face-to-face session included)

Need-based scholarships are available, please contact us if you want to apply.

REGISTRATION

A registration form is available on the ENSV-FVI website: <https://ensv-fvi.fr/actions-internationales/inscription-registratiion/e-cerise-registratiion-form-e-cerise/>
